

Caitlin's End of Year Reflections

In Room 15

This year for my reflections I would have to say that this year was a pretty fun year. I have had a lot of fun in Room15 and I have learnt heaps. Ms Matangi-hulls has helped me keep me confidence and encourages me in everything I do and she has taught me more.

ROOM 15'S WIKI

Things I've enjoyed through the year

I have enjoyed heaps of things this term like Ag Day because I liked making my clay bowl for judging and taking rural inspired photographs, The production as I enjoyed learning the Jai Ho dance that we performed ,Camp, in fact I loved camp it was the best experience in my life so far and we did some cool activities while we were there, Art with Mrs Mayston as we did some awesome art work and had a great time with using lots of different techniques and also making a Scotland Multi media presentation.

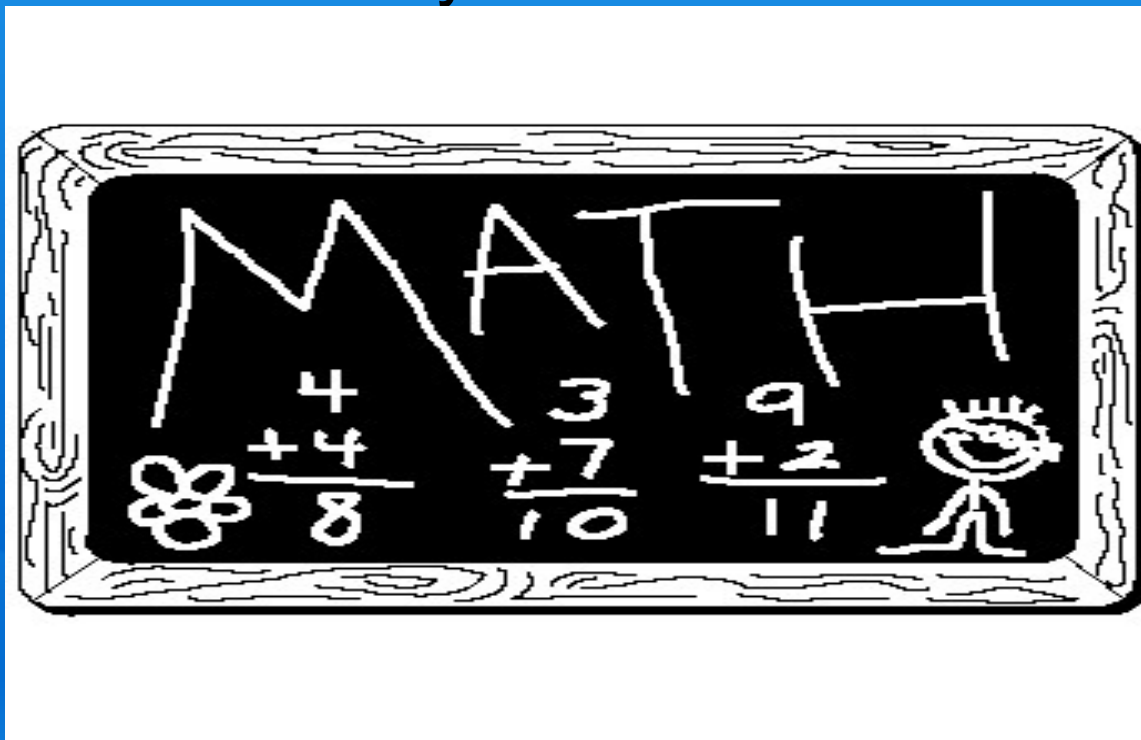

Most challenging things through the year

The most challenging things through the year would have to be Raukawa Falls Camp as for there were activities that I haven't tried before like high ropes, they were high and when you got up at the top it was scary, I hadn't tried it before.

Improvements through the year

The things I have improved on this year would have to be my Reading & Listening comprehension because I have been working on that at home and at school to make it the best it can be. Also my maths as fore I have been In another class and have been focused on work at my level.

Things that have stood out and what I have learnt

The things that have stood out for me and the things that I have learnt would have to be learning more about laptops and I.C. T because since I am in a digi class I have learnt more things. For me a thing that has stood out in my learning would have to be Google docs because we have done a lot of work on them and they have been a great use in our class through the year with being able to access them at home as well to finish off work. Another thing would have to be AVAILLL as for it has improved my literacy and has been a great use.
